---

SANS	TITLE	SCOPE OF CHANGES
10400-N:2012 Ed 3.01	Glazing	To modify glazing systems requirements for fire and energy, for wind and impact loads, glazing materials in walls of lift enclosures, add occupancy class and update frameless glass shower enclosures dimensions
10400-R:2012 Ed 3.00	Stormwater disposal	Conversion of SABS 0400:1990 to SANS

## EMERGING NEEDS

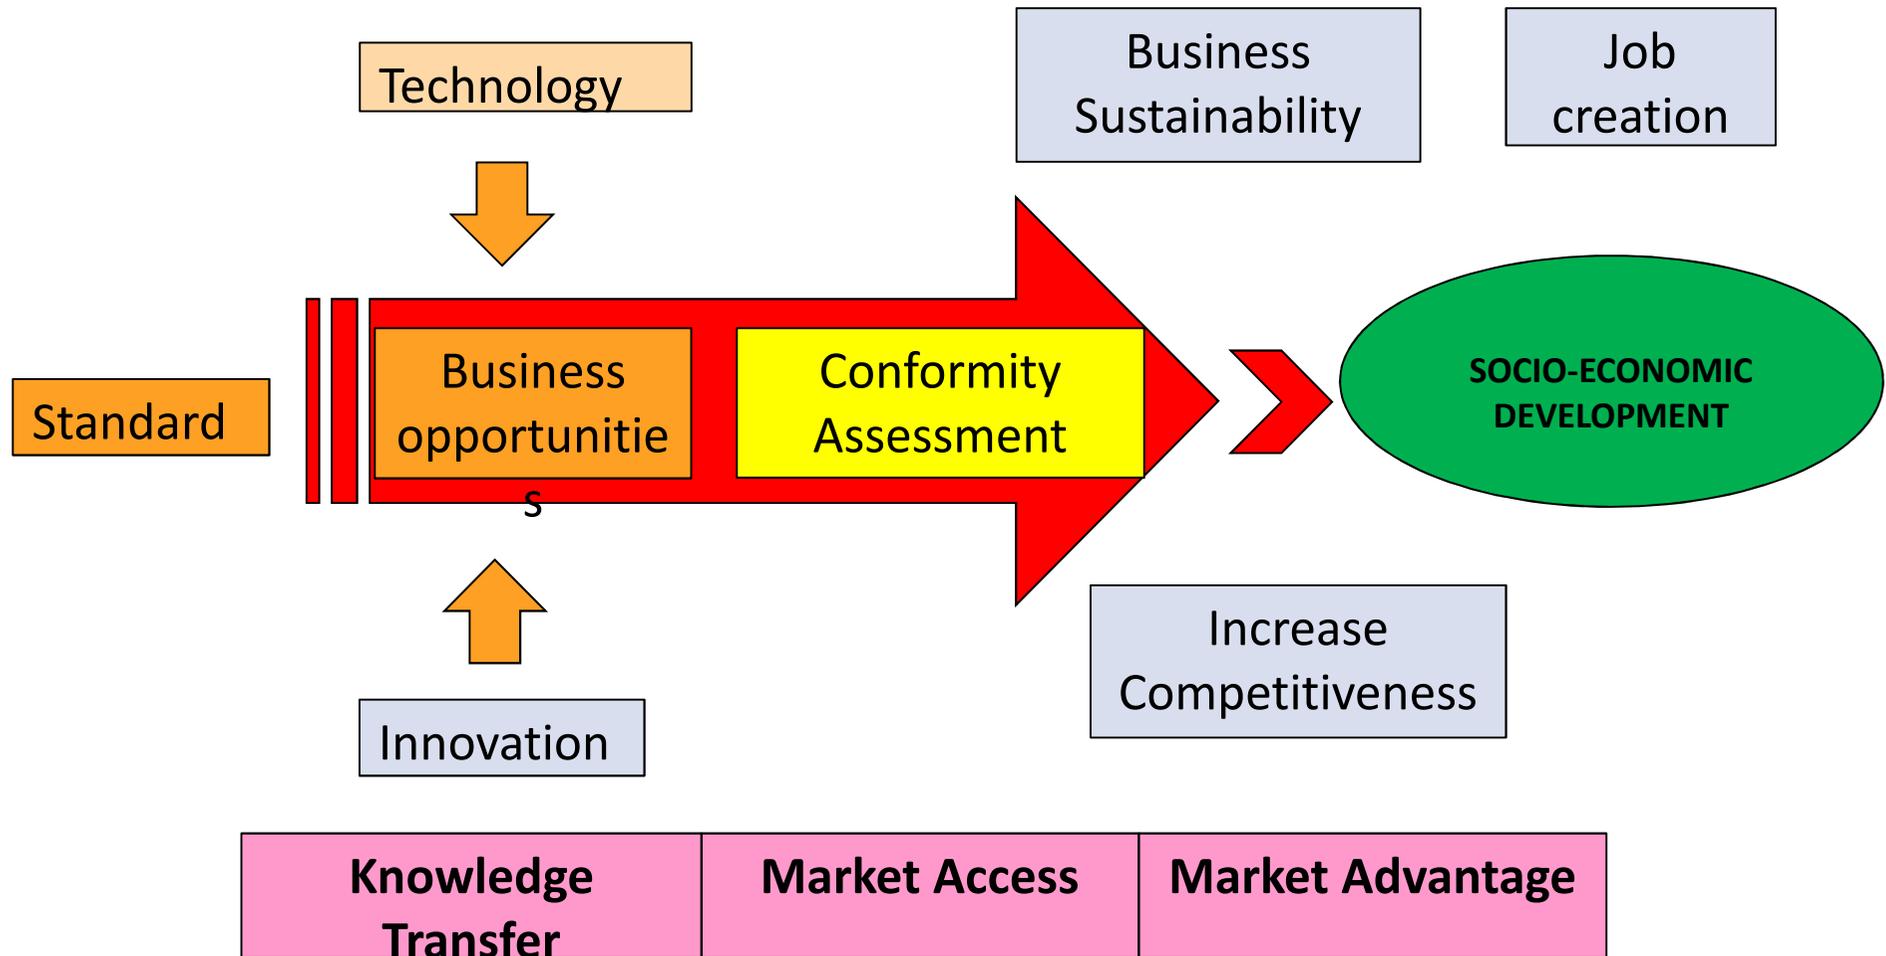

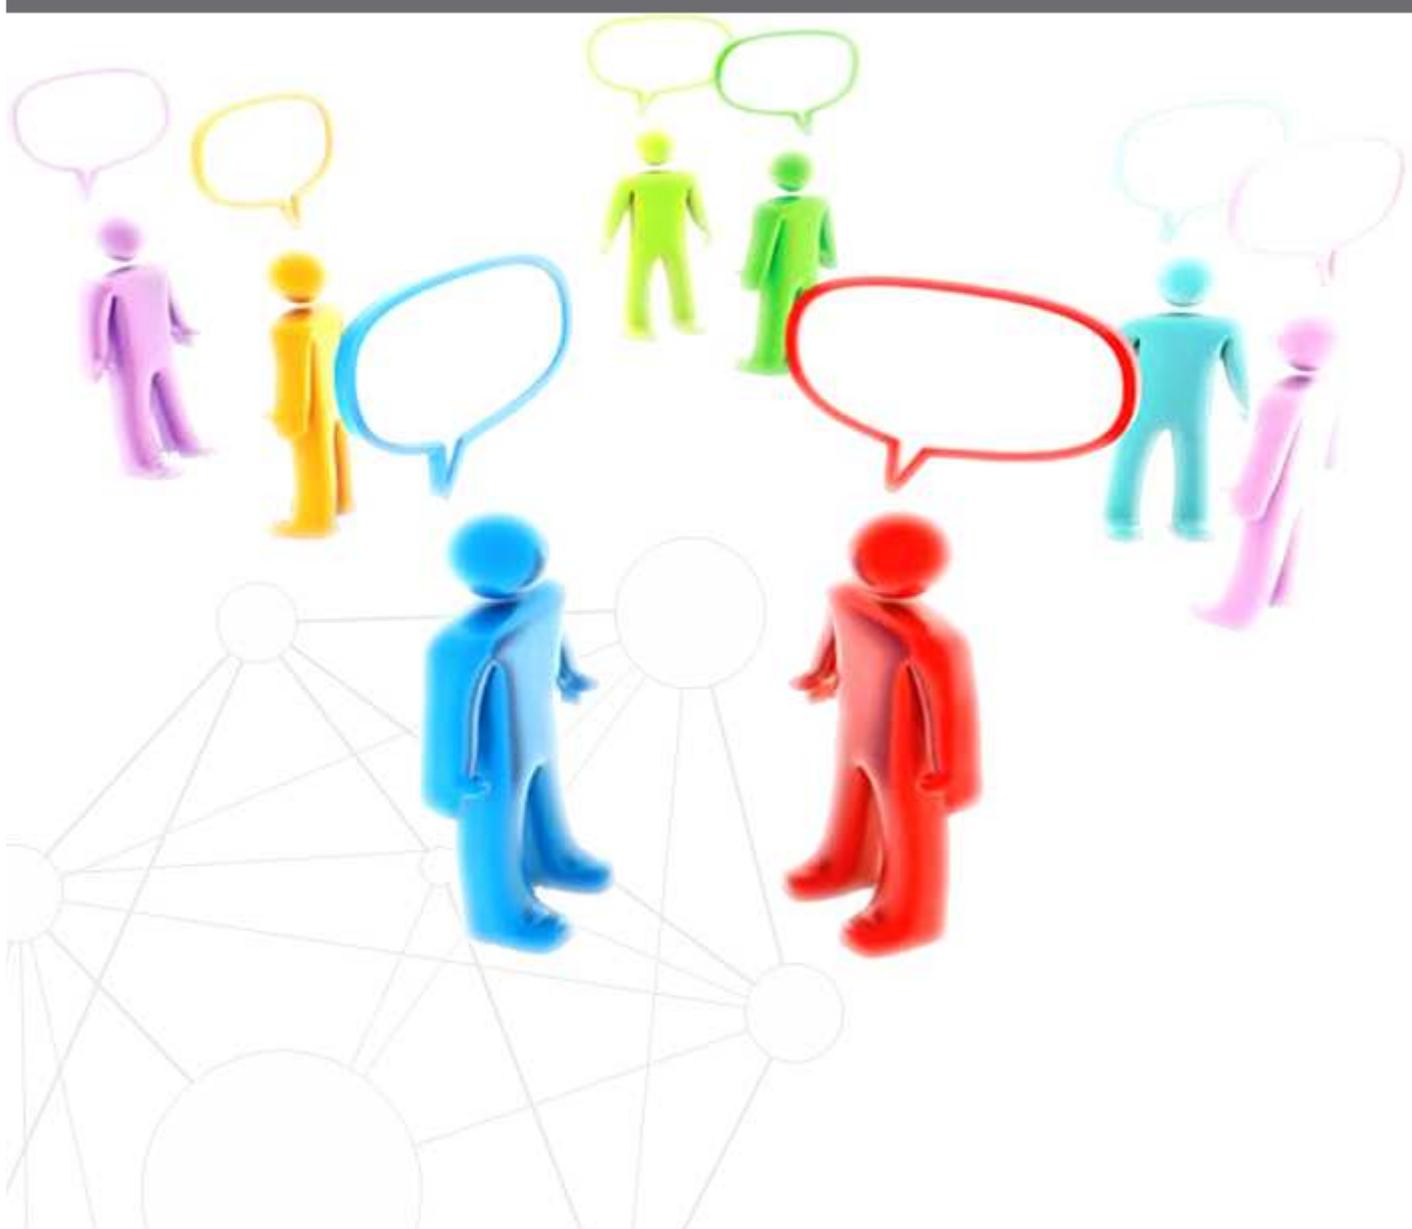

- SANS 10400-XB Building water services (new)
- Revision of SANS 10400-N **Glazing**
- Title change to “Performance based standards for buildings”, with a possible scope change
- Possible scope change: development of performance based standards for a broader coverage of building attributes, based on **ISO 19208 Framework for specifying performance in buildings**

# Standards Value Proposal
