File name:	LM-P-015-09-08 - Increasing number of divisions on previously approved scales		

### 1. Scope

Increasing number of divisions on previously approved scales

### 2. Reference documents

Trade Metrology Act

### 3. Policy

If a scale was previously approved with 3000 divisions an increase of the number of divisions to 5000 will be regarded as a modification.

#### Minimum Requirements

1.1 Submit details of components of particular scale.

1.2 If they appear compatible a test sheet will be given to an accredited company to do an initial test and supply results. Results to be within new scale tolerance.

1.3 Type approval section will do a second test one month later in consultation with the submitter. Results to be within new scale tolerance.

NB IT will be in the submitters interest to get the scale as accurate as possible during the initial test.

1.4 After favourable results a modification will be approved and reported at the next Metrology Advisory Committee meeting.
